

# **Family Fun Day - 28th June (11am-4pm)**

Bluestream Recruitment, Bright Sparks Science & Charlie Laing are organising a Family Fun Day at Harwell Science Campus as we are all conscious of the growing **skills shortages in Science, Technology, Engineering & Environmental industries.**

We are looking to make the day a fun way to interact with our youngsters and get them interested in these areas i.e. we have a computer programmer who can get fruit to make sounds; a lady who goes into schools to do shows and hands on Science parties, interactive games, robots etc.

HeartFM have agreed to support us on the day and with the advertising of the event.

We have a many of the large organisations on the campus coming along on the day, we are now looking for more companies to come along with interactive activities to entice our youngsters to become more engaged in these industries as they grow up.

We are also looking for people to sponsor the event, if you are able to do so, it would be very much appreciated and your company will be advertised in a programme given out on the day.

All money raised on the day will be in aid of Helen & Douglas House to support the wonderful work they do

Charity No: 1085951 - [www.helenanddouglas.org.uk](http://www.helenanddouglas.org.uk)
